The board decided to wait until the deed had been corrected because of the discrepancy with the deed and the property lines.

Trustee Buxton gave the board a recommendation for a Road Maintenance Plan. The following streets would have road maintenance this year: Market Street, Valley Street, W Smith Street, E Smith Street, Shasta Street, Clark Lane, and E Section Line Road. The following streets will be milled and rebuilt this year: Valley Street, W Smith Street, Shasta Street, Clark Lane, and E Section Line Road. The milling of the roads will cost approximately \$4,830. The miller is coming to Wayne City after he finishes his job in Mt Vernon and the weather will dictate the timeline on how soon he begins work here.

The cost of rock through Barnard's is about \$28 per ton and through Mt Carmel is about \$49 per ton. Going with Barnard's would save the village over \$8,000 but IDOT will need to be contacted before the village proceeds. The cost of sealing the road according to Mt Carmel is \$55,672. If the village goes with Barnard's for the rock and Mt Carmel for the oil, the cost would be approximately \$66,396. Buxton suggested the village stockpile rock for future road work. If the village goes with Mt Carmel for all, it would cost approximately \$74,478. This cost does not include the cost of renting a grader to shape the roads. The village is still gathering quotes for this.

Regarding building repairs, Worker Jasen Tubbs and Trustee Piper have been calling for quotes but still do not have any to report.

Mark Dinsmore, from Country Financial Insurance Company, told the board that if the village stayed with the same plan, the cost would raise \$875 per month. Dinsmore mentioned another comparable plan that would save the village around \$1,500 but the workers would need to see if their doctors were still in the network. This was tabled until next month.

The board discussed Ordinance #615, Annual Appropriation Ordinance for the Fiscal Year Beginning May 1, 2024 and Ending April 30, 2025. Trustee Noe made a motion to adopt Ordinance #615 and Trustee Greene seconded the motion.
